

GREAT BATTLE AT THABANCHU

Dewet and Villiers Beat
British Force Back
Near Dewetsdorp.

CASUALTY LIST SMALL

Formidable Preparations Under
Way to Resist the Advance
of Roberts.

KROONSTADT IS FORTIFIED

Walkerstrom, Orange, April 22.—
[Special Cablegram]—The Boers en-
deavored to turn the right flank but
were not successful. Gen. Ruddle is
gradually extending his position for the
purpose of encircling the Boers.

Drove the British Back.

London, April 23.—[Special Cable-
gram]—A Boer report from Thabanchu
dated Friday says: "Last night Com-
mandants Dewet and Villiers arrived at
Dewetsdorp. At noon today they at-
tacked Gatare who had three thousand
men and one battery of artillery. At
four o'clock the British left was beaten
back. Rifle firing continued until dark.
The republicans lost one man killed and
five wounded."

A Pretoria dispatch dated Saturday
says the fighting was continued that
day but the result is not known. The
Thabanchu dispatch indicates that the
Boers are unaware that Chermeside suc-
ceeded Gatare.

One Killed, Two Captured.

Brandfort, April 23.—[Special Cable-
gram]—A British patrol of ten men was
fired upon by the Boers, one killed and
two captured.

Many Onlookers Rumored.

London, April 23.—There was last
night the usual Sunday medley of omi-
nous rumors and confused conjectures
from the theatre of war, with a heavy
budget of mail correspondence on minor
incidents of the period of masterly inac-
tivity.

The most serious news was the evi-
dence from sources that formidable pre-
parations have been made to resist the
advance of General Roberts' army.

The Boers are vaguely reported to
have mounted sixty-nine guns at
Kroonstad, and to have constructed a
circuit of defenses eight miles long
around Pretoria.

It is a foregone conclusion that Pre-
toria will be vigorously defended, but
the experts are not prepared to accept
evidence from a Boer source that
Kroonstad has been strongly fortified.

Boers Have 80,000 Men

London, April 23.—The Lorenzo
Marques correspondent of the Times,
under Saturday's date, says:

"Information received from responsi-
ble sources shows that at one time the
two republics had 105,000 men in the
field, including the colonial rebels. Ac-
cording to the same informant, they can
still muster 80,000, of whom 50,000 are
in the Free State, 10,000 are in the Big-
garsburg district and 15,000 in the dis-
trict and 15,000 in the districts of Four-
teen Streams and Klerks Dorp.

"It is now believed that before the
war the burgher lists were deliberately
falsified in order to deceive the British
intelligence department."

POWDER MAGAZINE IS NEAR THE FIRE

All the Workmen Ordered Out of the
Tilden Mine at Bessemer,
Michigan.

Bessemer, Mich., April 23.—[Special
Telegram]—Fire has burned since last
night in the Tilden mine, several hun-
dred feet below the earth near No. 8
shaft where the powder magazine is lo-
cated. All the men have been ordered
out of the mine in anticipation of an ex-
plosion. Efforts to put the fire out
have been of no avail.

ROOSEVELT WILL STAND BY TAYLOR

Republican Governor of Kentucky
Seeks Safety from Arrest in
the Empire State.

New York, April 23.—[Special Tele-
gram]—The Republican governor, Tay-
lor of Kentucky, is likely to remain in
New York for some time. It is believed
he has received assurances from Gov.
Roosevelt, who also consulted Benjamin
Harrison on the subject, that he will
decline to honor an extradition demand
from Gov. Beckham Taylor had two
interviews with Roosevelt yesterday.

FELL NINETY-FIVE FEET.

Two Men Killed and Three Injured by
the Breaking of a Scaffold.

Pueblo, Col., April 23.—By the
breaking of a scaffolding ninety-five
feet high on the dome of the new
"Stove" building erected at the steel
works, five men were hurled to the
earth, one of whom, F. D. Curtis, was
instantly killed, and I. W. Stanton, a
fellow-workman, had both legs broken
and his skull crushed, and will
die. The other three men, F. H. Free-
bury, T. Vanbibber and Morgan Wil-
liams, escaped with but a few bruises.
Freebury and Williams catching an
angle bar on the stack after falling
about twenty feet. Van Bibber seized
a rope attached to the rigger on top of
the dome and saved himself by sliding
down the rope.

RICHARD CROKER NOT DEAD

The Tammany Chief is at Wantage Per-
fectly Well.

London, April 23.—Richard Croker of
New York is at Wantage perfectly well.
He expressed himself as eminently
satisfied with the political situation at
home.

REPORT TO OUST SENATOR CLARK

Senate Committee in the Montana Bri-
bery Case Made Its State-
ment Today.

Washington, April 22.—[Special Tele-
gram]—In the house Hepburn asked
unanimous consent to set apart May
first and second for the consideration of
the Nicaraguan bill. Agreed.

Chandler in the senate made a written
report from the privileges and elections
committee that Senator Clark was not
entitled to a seat as senator of Montana.
Petit said the minority of the commit-
tee disagreed with some of the state-
ments of the report, but later would
submit their views to the senate.

President Leaves for Canton

Washington, April 23.—[Special Tele-
gram]—The president returned at 7:30
o'clock this morning from New York.
He starts for Canton this evening, re-
turning to Washington next Thursday.
The supreme court this morning
decided the case of Captain Carter, sen-
tenced in connection with the Savannah
Harbor work, dismissing the appeal and
writ of error. Carter must therefore
serve his sentence.

MOB CAUSES DEATH OF THREE NEGROES

Plot Discovered to Exterminate a White
Family Is Promptly Met With
Bullet.

Allentown, La., April 23.—[Special
Telegram]—W. T. White (white) was
shot and killed by Jeff Riston, a negro
employee, Tuesday morning. The mur-
derer escaped to his cabin, the mob
pursuing him, but he killed himself.
An investigation revealed a plot to ex-
terminate White and his family, impli-
cating John Hughly and Ed. Amos.
They were immediately placed against a
tree and riddled with bullets by the or-
ganized citizens.

Coquelin and Bernhardt Coming.

Paris, April 23.—M. Coquelin and
Mme. Bernhardt intend making an
American tour after the Paris exposition
with "Cyrano de Bergerac" and "L'Aig-
lion," both appearing in both plays.

Chinese Catholics Massacred.

Pekin, April 23.—[Special Cablegram]
—Boxers have massacred fifty native
catholics near Hao Ting Fu, province
Fechih.

Tap on Window Caused Death by Fright.

Before entering the house upon re-
turning home Mr. Frank Brobst, an oil
well driller of Kokomo, Ind., tapped on
the window pane to apprise his wife,
who was there alone, of his arrival.
Mrs. Brobst was sitting on the edge of
the bed, was frightened by the tapping
and fell heavily to the floor. Brobst,
after battering down the locked door
found his wife dead, the fright having
induced heart trouble.

Destroying Railroads.

A small contingent of Boers has re-
alized the uselessness of merely tearing
up a section of railway and throwing
the rails into a stream—the usual Boer
method of destroying a line. What
they do now is to heat the center of a
section to white heat, and carry the
rail by its two cool ends to the nearest
tree or telegraph pole, round which
they twist it in such a way that it is
absolutely impossible to use it again
for railway purposes.

Corn Shipping Ports.

New York has dropped from first to
second place in the shipment of corn
abroad. Baltimore standing first with
exportation of 46,000,000 bushels in
1899. Philadelphia takes third place,
with New Orleans fourth. In the ex-
portation of cereals the gulf ports have
made great gains of late years. In
wheat exportation New York is still
first, but the shipments are declining,
while Galveston, Texas, is second, with
shipments rapidly increasing.

HARMONY AMONG THE REPUBLICANS

BADGER G. O. P. IN THE BEST
FIGHTING CONDITION.

Effort to Turn Down Henry C. Payne
For National Committee Man Will
Not Result In Anything—Barney
and Otjen Will Both Be Re-
nominated.

Milwaukee, Wis., April 23.—The re-
publican state convention which will
meet here on Wednesday to elect dele-
gates to the national convention prom-
ises to be a harmonious gathering. The
only semblance of a contest which has
appeared so far is an effort to elect dele-
gates who are opposed to Henry C.
Payne retaining his position on the Na-
tional committee. There has been no
open fight to defeat Payne, but beneath
the surface there has been considerable
talk against retaining him in the posi-
tion. No candidate has appeared against
Mr. Payne and it does not seem probable
that any candidate will come forward.
It is a Friendly Contest.

There may be a friendly contest over
the selection of some of the delegates at
large. H. August Luedtke of this city
will probably be opposed by William H.
Stevens. Many of the local republicans
who booted Henry Baumgartner, the
candidate for mayor in the recent elec-
tion, are prominent in supporting Mr.
Luedtke. This has naturally aroused
opposition to his candidacy and there
will be a fight among the delegates from
Milwaukee county. Both sides claim a
majority of the delegates.

There promises to be no contest on
the delegates-at-large from the interior
of the state. They will, according to
arrangements, be J. B. Treat, Isaac
Stephenson and Senator J. E. Stout.

Both Barney and Otjen

Since the republican caucuses of Sat-
urday, Theobald Otjen in the Fourth
and S. S. Barney in the Fifth district
will be renominated by acclamation. Mr.
Otjen, it is believed, will have 118 of the
149 votes in his district and Mr. Bar-
ney's friends say he is sure of at least 57
of the 68 in his. Dr. Gudek, Barney's
only opponent, says, there is no ques-
tion about Barney's election, yet Gudek
will not withdraw.

Republican Convention Officers

The officers of next Wednesday's re-
publican state convention will be the fol-
lowing: Chairman, James G. Monahan,
Darlington; first assistant sergeant-at-
arms, Captain John G. Salsman; assis-
tants, Captain Thad Wild, James T.
Drought, Colonel H. M. Seaman, Thomas
V. Dally, Charles Barker, R. B. Ramien,
Sig. Ornstone, Alfred Soidenspinner, E.
A. Ebert, Joseph S. Watson, E. G. As-
mus, J. W. Disch, E. B. Jones, Fred
Werner, Charles E. Crain, Martin Grasse,
E. T. Fairchild, Charles Thompson, G.
Fisher, and Charles Dielmann. The
convention will be called to order at
noon in the Davidson theater.

CREDIT BELONGS TO PRES. M'KINLEY

Farmers Are Pleased With the Exten-
sion of Rural Free Delivery In
The Country.

Washington, April 23.—"The credit of
rural free delivery belongs almost ex-
clusively to the McKinley administra-
tion," said Perry S. Heath, first assis-
tant postmaster general, today. "A
movement to broaden the free delivery
of the mails was begun by Postmaster
General Wainwright under the adminis-
tration of General Harrison. It took
the form of village free delivery, and ex-
tended, as an experiment, the plan of
delivering mails by carriers, as existing
in cities of 10,000 population or
\$10,000 gross postal receipts, to forty or
fifty selected villages of less population
and smaller postal receipts.

"The experiment was a success as far
as it went, but since the 4th of March,
1897, nearly 100,000 rural homes in all
parts of the United States have been
brought into close touch with the rest
of the world by a daily visit of the rural
postman."

MRS. M. C. STODDARD INJURED

Fell on a Sidewalk Last Evening Break-
ing Her Nose.

While on her way home from church
last evening Mrs. M. C. Stoddard, 155
Chatham street, accidentally fell on the
sidewalk breaking her nose and bruising
her about the head so that the services
of Dr. W. H. Palmer were necessary.
It is alleged that the walk was defective
and that when Mr. Stoddard stepped on
one end of a board it flew it throwing
Mrs. Stoddard.

Center of the United States.

The claim is often made for Omaha
that it is exactly in the center of the
United States. As a matter of fact,
though Omaha is on the line that di-
vides the country into eastern and
western halves, it is considerably to
the north of the line that divides the
country into northern and southern
halves. The exact geographical center
of the United States, calculating be-
tween longitudinal and latitudinal ex-
tremes, is a spot in Kansas about
twenty miles north of the point at
which the boundaries of Kansas,
Oklahoma and the Indian territory
meet.

LAST SAD RITES OVER MISS POTTER

REMAINS LAID TO REST AT
PATCH GROVE TODAY.

Mother Saw Her Daughter For the
First Time In Years—Many Looked
Upon the Face of the Dead Girl In
Chicago, At Jordan's Undertaking
House, This Morning.

Chicago, Ill., April 23.—Jennie O'Neill
Potter's dying requests are being carried
out to the letter with a tenderness which
makes the story of her life all the more
pathetic. This morning hundreds of
friends passed into the flower scented
room at Jordan's undertaking house, 14
Madison street, looked at her face and
passed out with tears in their eyes.

This afternoon at 1 o'clock in the
village of Patch Grove, Wis., the funeral
was held in the little church where
the brilliant elocutionist spoke her first
piece as a child. Then her aged mother
said good bye to her for the last time
and the body was lowered into the grave.

Flowers sent by Chicago friends sur-
rounded and covered the coffin and lay-
ped high on a table at its head. Those
who came to look at her formed an inter-
esting throng. There were men and
women in whose homes she had entered
in the old days, and there were maids
and servants who had heard her read at
their masters' homes in the days of the
World's fair. Actors and actresses,
women who had only read the story of
her last days—all joined in the numbers
that came and went during the afternoon
and they knew that it was her wish that
they should come—for old times' sake.

Arthur J. O'Neill the brother, left with
the body this morning from the Union
depot for Prairie du Chien, Wis. From
there the journey was made by carriages
to the village, a few miles away, where
Jennie O'Neill was born. Then her
mother saw her daughter for the first
time in years and the funeral ceremony
was held.

SULTAN PROMISES TO PAY UNCLE SAM

United States' Threat to Send Warship
Brings a Reply From Turkey On
the Indemnity Claim.

Washington, April 23.—[Special Tele-
gram]—A dispatch received today by
the state department from Criscom, in
charge at Constantinople stated that he
received another assurance from the
Sultan that the American claim will be
paid. The officials place no confidence
in the promise and assert that the
claim will be pushed.

Constantinople, April 23.—The
sublime porte, greatly concerned over
the attitude of Col. Hay, the American
secretary of state, has replied to the
American demand for payment of the
\$20,000 (\$100,000) claimed as compen-
sation for damage to American property
during the Armenian massacres. The
sultan agrees to pay the Americans un-
der the same conditions as apply to
citizens of other foreign states who sus-
tained losses in the same uprisings.

The sultan dreads an American naval
demonstration in the Mediterranean,
and his worry over the indemnity com-
plication has had the effect of leading
him to abandon the arbitrary raising of
custom duties. Whereas the ambas-
sadors hitherto have lodged with his
majesty four ineffectual protests, now
he consents to negotiate the matter.

The representatives of the other great
powers here watch the issue of the Turco-
American difficulty with great interest.
For if the United States succeeds in get-
ting a settlement from this bad debtor
the other powers will demand the im-
mediate adjustment of their claims. It
is understood here that the American gov-
ernment actually has threatened to send
the Turkish minister, Ali Ferrough
Bey, his passports unless the matter is
quickly cleared up.

HENRY S. ROWE GETS NOMINATION

Former Well Known Rock County Resi-
dent Placed in Nomination for
Mayor of Portland, Oregon.

For mayor of Portland, Oregon the
Republicans have placed in nomination
Henry S. Rowe, a former well known
Rock county resident and a brother of
Register of Deeds O. D. Rowe of this
city.

In speaking of Mr. Rowe's nomination
the Portland Oregonian prints a picture
of Mr. Rowe and the following article:
"Henry S. Rowe, the Republican
nominee for mayor, is a man whose ex-
ecutive ability well qualifies him for the
office to which his fellow republicans
hope to elect him. He has spent most
of his life in the railroad business, seven
of which, from 1880 to 1887, he was
general superintendent of the O. R. & N.
"Mr. Rowe is a man who will com-
mand the respect of everyone. He has
an excellent record as a good citizen and
an enterprising business man, and has
taken an intelligent and active interest
in public affairs. His integrity is un-
questioned, and his nomination is re-
garded as the strongest that could be
made."

PLANNED TO KILL DEWEY.

Man with a Murderous Mania Sent to
an Asylum.

Macon, Ga., April 23.—P. A. Sum-
mey, an ex-confederate soldier, was
sent to the state asylum at Milledge-
ville Monday. In the course of an in-
vestigation into his condition it was
ascertained that his mind had been
wrong for two years, and that his
mania had been to kill somebody of
prominence. When he saw the an-
nouncement that Admiral Dewey was
coming to Macon on March 22 it oc-
curred to him that this would afford
him the opportunity of his life, and
he made his plans to assassinate the
admiral in this city. But on the morn-
ing before the admiral and Mrs. Dewey
arrived, Mr. Summey had one of his
lucid periods. He says he fully re-
alized what he had been planning to do,
and fearing that he might again be-
come deranged while the admiral was
here, he immediately left for the coun-
try, remaining there several days.
When he again lost control of his
mental faculties his mania directed
itself against some other public man,
but having no opportunity to kill any-
body of national consequence he made
no definite plans. He was preparing
to kill himself when arrested.

LOSS IS EXAGGERATED

Forest Fires in Northern Minnesota Are
Not so Bad as Has Been
Reported.

St. Paul, Minn., April 23.—[Special
Telegram]—Dispatches this morning
from Duluth, Grand Forks and Win-
nipeg show that the earlier reports of
damage by forest fires were exaggerat-
ed. Loss of life is not confirmed. It
is the worst around Duluth. Fires
are burning in the Mesaba Range in
northern Minnesota, but there is no im-
minent peril.

Winnipeg, Man., April 23.—Exten-
sive fires are raging along the line of
the Southeastern railway southeast of
this city. All the country from La
Broquerie, about fifty miles down the
line, to Warren, Minn., a distance of
seventy-five miles, is known to be
threatened by the fire, which is sweep-
ing the forest in all directions, fanned
by a strong easterly wind.

A rescue train with a strong force
of men, doctors and supplies was dis-
patched at noon and reached La
Broquerie safely. Beyond that the
whole forest is a mass of flames, and
advance is impossible, as the track is
burned, and the retreat of the special
train seems cut off. Rescue parties are
being organized and will start for the
scene of the disaster to attempt the
rescue of the settlers and stragglers.
The fires have been burning for sev-
eral days in various quarters.

The number of people entrapped is
estimated at 500, composed chiefly of
scattered settlers and men employed
in the lumber camps of J. A. Buchanan,
Neil & Keith, and J. Hylan, who
had an aggregate of 300 men and 150
teams at work in the district near Vas-
sar, eighty miles out and in the cen-
ter of the threatened region. The op-
erator at Wood Ridge, ten miles this
side of Vassar, reported that the special
train bearing Buchanan and
Keith's men and railway officials had
been within four miles of Vassar and
was driven back by flames. From
stragglers who escaped it was learned
that 100 teams and all camping outfits
had been abandoned and that the men
had fled for their lives in all direc-
tions. The special train had just left
on another attempt to break through
the flames and make rescues. No word
has since been received, and the offi-
cials conclude that Wood Ridge is
burned and the train entrapped. The
forest along the track is dense.

RACE MUST BE REPRESENTED.

Supreme Court Holds That Negro Pri-
soners Must Have Negro Jurors.

Washington, April 23.—The supreme
court, in a decision written by Justice
Gray, holds that a negro accused of a
capital offense is entitled to and has
the right to demand that one of his
own race be represented on the jury
that tries him. The case that pro-
duced this novel decision came up on
an appeal from Texas. Seth Carter, a
negro, had been indicted and tried in
Galveston for the murder of one of his
own race. His lawyers sought to
have the case dismissed on the ground
that the trial and verdict of guilty
were irregular and void because no
negro had been placed on the jury, al-
though one-fourth of the population of
Galveston was black. Texas lawyers
laughed at the plea, yet the supreme
court now holds that the point was
well taken, and so Carter may have a
new trial in the Texas courts.

A Curious Lawsuit.

A curious lawsuit is in progress at
Kansas City, Kan., brought by S. K.
Howe against the Armour Packing
company, to recover fourteen acres of
river front occupied by the packing-
houses. The old man tells a veritable
Robinson Crusoe story. Many years
ago he took up his abode on a little
island in the Missouri river, living in
a hut with a dog and a few fowls for
his only companions. He was lord of
the domain, and no one questioned the
act. Finally the stream changed its
course, and what was an island became
valuable river front, and the Armour
company forced him off.

FILPINOS AGAIN VERY AGGRESSIVE

Past Week Was the Most
Bloody In History of
the War.

REBELS LOSE HEAVILY

Fully 1,000 Dead, Captives or
Disabled During the Last
Seven Days.

AMERICAN LOSSES ARE SMALL

Manila, April 23.—Last week has been
one of the bloodiest of the war since the
first day's fighting around Manila. Au-
thentic reports, mostly official, show a
total of 378 Filipinos killed, 12 officers
and 244 men captured and many more
wounded. The number of wounded is
hard even to approximate. Considering
that the Filipinos entirely lack hospital
facilities a great majority of the wound-
ed will die. Probably the week's work
finished 1,000 insurgents.

The Americans' loss was nine killed
and sixteen wounded. Two sergeants
and one private were killed in ambus-
cades while escorting provision trains.

Pio del Pilar Reappears.

The insurgents have been aggressive
in nearly every province of Luzon. Gen-
eral Pio del Pilar's band, numbering
600, which was out of sight for three
months, the leader being reported killed,
has reappeared in its old field about San
Miguel. Pilar is supposed to be again
in command. He gave the American
garrison at San Miguel consisting of
three companies of the Thirty-fifth In-
fantry, with a gatling, a three hours'
fight during a night attack.

The loss of the insurgents during this
engagement is not included in the fore-
going total, as they removed their dead
and wounded, but presumably it was
considerable.

Skirmishes at Various Points.

Twenty Filipinos in the Province of
Bataan attacked Lieutenant Wonde,
who, with eight men, was scouting near
San Jose. The Lieutenant and five men
were wounded, and one private was
killed.

Sergeant Ledoins of the Thirty-fifth
Infantry was badly wounded in an am-
bush near Baling. Lieutenant Balch
of the Thirty-seventh Infantry, with
seventy men, had a five hours' fight with
400 insurgents in the Nueva Caceres
district. Twenty of the insurgents were
killed.

Captain of Montenegro Isolated.

Colonel Smith of the Seventeenth
Infantry, who captured General Mont-
enegro and brought him to Manila, is
in the isolation hospital, suffering from
smallpox, presumably caught from the
Filipinos.

Colonel Smith's command captured
180 officers and men with Montenegro.
The officers were brought to Manila.
Montenegro, who was one of the most
dapper officers in the Filipino army, looks
worn and haggard. He says he has led
a terrible life for months, and he has of-
fered to return to the north with Colo-
nel Smith to endeavor to persuade his
former comrades of the uselessness of
opposing the Americans.

Escaped Spaniards Arrive.

One hundred escaped Spanish prison-
ers from the Province Tayabas, south of
Luzon, have arrived at Manila.
The insurgents have 400 more Span-
iards in that district. Recently the
Filipinos destroyed several rods of the
railroad line near Paniqui in an un-
successful attempt to wreck a train.

WESTERN FARMERS ASKING FOR HELP

Able Handed Men are Badly Needed
by Farmers of Wisconsin
and Illinois.

Chicago, April 23.—Now that spring
has opened the Macedonian cry,
"Come and help us," is again being
heard. The persons in need of "help"
are the farmers of Wisconsin and
northern Illinois. Local employment
agencies are being flooded with appli-
cations for able-bodied farm hands
who are needed by the agriculturists.
The dearth of farm help is such that
employers are offering to give help-
ers from \$15 to \$24 a month with
board and lodging. As a further in-
ducement the farmers are offering to
provide transportation for hired men
and their families. Assistant Superin-
tendent Thomas Devenish of the state
employment agency, says there is an
unusual demand for farm hands this
year and that many men and their
families are leaving the city.

TEMPERANCE RALLY DREW LARGE CROWDS

CONGREGATIONAL CHURCH CROWDED TO THE DOOR.

Many Were Turned Away Unable to Hear Mr. Murphy—Many Signed the Pledge at the Close of the Meeting—Three Hundred Children Attended Meeting at the Y. M. C. A.

William J. Murphy, the temperance lecturer, has good reason to well feel proud of the magnificent audience that greeted him at the union meeting held last evening at the Congregational church.

Long before the hour of the services every seat in the roomy edifice was taken. The gallery seats soon filled and throughout the entire program many people had to stand. Many were turned away.

At 7:30 o'clock the program opened on what proved to be one of the most rousing temperance gatherings ever held in Janesville. It reminded those present of the days when Francis Murphy was in the height of his glory here. On the platform with Mr. Murphy were seated Rev. W. W. Woodside, Rev. R. C. Denison, Rev. W. A. Hall, Rev. A. C. Kempton, Rev. Brown, A. Smith, Fred Holden and John H. Jones. Mr. Jones, as secretary of the Francis Murphy Temperance League, opened the meeting with remarks in relation to the temperance movement as conducted today in Janesville.

He was followed by Al. Smith of the Francis Murphy League. Mr. Smith spoke of the good work done by the League and of what the pledge question meant to those that signed it. Rev. W. A. Hall and Rev. W. W. Woodside followed. Their remarks were along the line of temperance and were well received.

Mr. Murphy followed, giving one of his best temperance talks. He outlined the drink curse in such strong terms that only those who will not heed could but fail to derive benefit from the lecture. As the result of his masterly lecture many signed the pledge. Mr. Murphy is one of those speakers who throws new life into each and every sentence, and to listen to him is a pleasure.

Rev. R. C. Denison closed the meeting, which proved to be one long to be remembered. The Y. M. C. A. male quartet furnished music. Mr. Murphy will speak this evening and tomorrow evening at the Y. M. C. A. building, at which time the meetings will close.

Children's Meeting
Three hundred children assembled at the Y. M. C. A. building yesterday afternoon to hear William J. Murphy on the temperance question. Mr. Murphy delivered a special children's talk, which was much enjoyed by the little ones. At the close of the meeting the children came forward in great numbers and signed the pledge.

ATTEND IMPORTANT MEETING

Rev. R. C. Denison and W. S. Jeffris Leave for New York City

Rev. Robert C. Denison, pastor of the Congregational church, and W. S. Jeffris left this morning to attend the Ecumenical Conference of Foreign Missions which opened Saturday in Carnegie hall, New York. Two thousand missionaries are in attendance and for ten years preparations have been under way for holding the meeting. Ex-President Harrison delivered the address of welcome.

Western Cigar Box Men

Ex-Mayor John Thoroughgood is home from Chicago where he attended a two days' session of the Western Cigar Box Manufacturers' association. Adjournment was taken after arranging for the next annual meeting to be held in Milwaukee in July, 1901. No need was seen for lowering prices to meet outside competition, as the association claims to represent 90 per cent. of the output.

GLORIOUS HAIR

Is a matter of choice. Any woman may have it if she takes the trouble

HERE'S PROOF

Miss Carrie Sparr, 2780 Cherry Street Kansas City, Mo., writes: "Six weeks ago I began using the Seven Sutherland Sisters' Scalp Cleaner and Hair Grower. My hair was very thin, having fallen out from scarlet fever. Thick, glossy hair is now coming in, and I am positive the remedies have greatly helped me. I advise everyone to use them."

They GURE where others fail.

WILL FORM LYCEUM LEAGUE

Janesville High School Will Be Included In The Plan

High Schools of the state are being organized into what are known as Lyceum Leagues for the purpose of carrying on a system of declamatory contests. The state has been divided into seven districts, each centering in one of the State Normal Schools. Each district contains several leagues, and each league comprises several high schools. Each league holds an annual contest. The winners in these then participate in the district contest. The winners in the district contests then come together at Madison and contest for the state championship.

OBSERVE MEMORIAL DAY WITH SERVICES

Local Grand Army Post Will Soon Arrange For Observances—Exercises At the Cemetery.

Memorial day, May 30, this year will be more than usually observed in Janesville. The young soldiers of the Spanish American war will enthusiastically unite with the older veterans of the great civil war in showing and doing respect and honor to the heroic dead of both wars. As usual, if the weather is favorable, the exercises will be held at Oak Hill cemetery.

There will be a large parade during the day to Washington street where electric cars will be taken to the Oak Hill cemetery. The Sunday previous to memorial day, May 27, there will be appropriate exercises at the churches. Members of W. H. Sargent Post will soon take action in reference to arranging the day's program.

MEN HERE RECEIVE BLANKS

Railroad Employees of the Northwestern Road Must Give Their History.

The Chicago and Northwestern railway officials in this city have received blanks which were handed to each person employed by the company. The purpose is to obtain the history of each, especially as to the time of service and amount paid him. There are many employees of the Northwestern company residing in Janesville many of whom have been in the service for many years.

No company that has ever heard of has ever come to this city with such favorable comments as "A Wise Woman." They have the unanimous endorsement of the press, and this you may rest assured will be your only chance to see this superior company, as they make but few stops going from New York to San Francisco. We have no doubt of their success here.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by Smith's Pharmacy, kodak agents, next to post-office.

Milwaukee Road Extension.
Des Moines, Ia., April 19.—The Chicago, Milwaukee & St. Paul road will this year complete its plan of a Des Moines-St. Paul line by building from either Boone to Lexington, about thirty miles, or from Boone to Clarion, eighty miles.

A Wise Woman
The engagement of this company at the Myers opera house gives promise of being the most important musical comedy event of the season. The play, which is in three acts, is so constructed as to give scope for the introduction of specialties, and from the reviews seen of the production these features are said to be of a very superior order.

BUT FEW USE BOOKS FROM THE LIBRARY

THAT IS, WHEN COMPARED WITH OTHER CITIES.

We Have An Usually Large Number of Volumes, Yet the Circulation Is Not In Proportion—Report of the State Commission Gives Interesting Figures.

Janesville has one of the largest public libraries in the state, yet fewer books are circulated than is the rule in Wisconsin cities.

Why this statement should be true, is not clear, but true it is.

Oshkosh, Superior, Green Bay, Beaver Dam, Eau Claire, Chippewa Falls and Beloit, have smaller libraries, yet many more books were issued last year.

The last report of the state library commission which covers the year 1897 from January to December shows that the Milwaukee library stood first in the state at that time, in point of books circulated, Milwaukee with 103,393 volumes stands first with a yearly circulation of 410,863 volumes.

Madison is next with 15,700 volumes and a circulation of 70,975 volumes. Oshkosh comes next with only 3,067 volumes in 1897, and yet a circulation of 55,640 was obtained.

La Crosse with 14,137 volumes had a circulation of 48,400.

Superior with 11,675 volumes circulated 39,744 books during 1897.

Green Bay's record is 5,700 volumes on shelves; circulation, 46,415.

Fond du Lac had 16,000 and a circulation of 40,000 volumes.

Beaver Dam with 7,075 works circulated 24,489 books during 1897.

Beloit with 5,000 books circulated 32,000 volumes.

Eau Claire with 8,091 books circulated 49,922 volumes.

Chippewa Falls has 3,889 books and its circulation was 23,499.

Janesville with 12,000 books circulated 39,471.

Neenah with 6,750 books, circulated 21,832.

Sheboygan with 2,935 volumes circulated 22,281 volumes.

Remarkable Cure of Rheumatism.

Kenna, Jackson Co., W. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. A. M. THOMSON'S HISTORY

Interesting and Valuable Work by Former Editor of The Gazette.

"A Political History of Wisconsin," written by A. M. Thomson, formerly editor of The Gazette, has been issued by E. C. Williams of Milwaukee, and is an exceptionally interesting and valuable volume. Mr. Thomson had ample material to draw on for his work, and as he was always a fearless and able writer, his history of the politics of the Badger State may be relied upon. He "began at the beginning," and although his demise occurred before the completion of the work, it was carried out by able writers, and is up to date in every respect. Few people, probably, are familiar with Wisconsin's early political campaign, and the story is therefore of exceptional historical value and interest. The volume also contains a number of biographical sketches, and is illustrated with excellent plates. It is printed on the finest paper, handsomely bound, and should be in every library. The price of this book, in full leather binding, is \$7.50. Orders should be sent to E. C. Williams, McGuech building, Milwaukee.

Interscholastic Contest Will Take Place at Madison This Year on May 26.

The interscholastic meet this year will be held at Camp Randall, Madison, on May 26. The contests will be open to all high school students in the state and upper Michigan. It is expected that the meet this year will be larger and better attended than any previous contest held here. Manager Fisher at Janesville has received word from many of the leading high schools in the state that they will send teams. The Janesville schools always send large teams, accompanied by big delegations of rooters. This is the last year of the mile walk. That event will be stricken from the program at the meeting of the Interscholastic association to be held in Milwaukee next December. The state championship is at present held by the east side high school of Milwaukee.

Men do not like to go to doctors. Nine times out of ten they wait until they are laid flat on their backs before they will consult a physician. There is some reason in this, for when a business man feels out of sorts and goes to a physician, he is often given violent drugs that make him, for a time, unfit for business and really sick. There is a way of avoiding both extremes—that of neglecting the health and that of taking violent drugs that rack the entire system—it is always to keep on hand a bottle of Dr. Pierce's Golden Medical Discovery. If a man will resort to this great medicine whenever he feels that he is out of sorts and threatened with illness, he may keep in good health. It is the great appetite sharpener, blood-maker and flesh-builder. It fills the arteries with the rich, tissue-building blood of health. It does not make flabby fat like cod liver oil, but the solid, muscular and nerve tissues of health. It does not make corpulent people more corpulent.

"I want to inform you of a cure effected by Dr. Pierce's medicines," writes Mrs. Nelson Smith, of Mount Vernon, Jefferson Co., N. Y. "About six years ago I had grip, ending with bronchitis and consumption. In the spring of 1895 my condition became very serious. I had consumption and I coughed day and night, could not lie down at all. Our family doctor said I could not get well. The neighbors came in to see me die, and a lady friend recommended Dr. Pierce's medicines so strongly that we immediately sent out and bought six bottles of his 'Golden Medical Discovery' and 'Favorite Prescription.' After using these medicines, found I was receiving benefit and continued. I weighed 120 when I commenced taking medicines, now weigh 170. I sleep well, have a splendid appetite, feel well, and believe I am entirely cured. I am indebted to God and to Dr. Pierce for those wonderful medicines. I want to add that I am a wonder to my neighbors and friends."

MUSICAL FESTIVAL

Grand Jubilee Celebration of the Milwaukee Musical Society on May 3d.

REDUCED RATES ON ALL RAILROADS.

Wisconsin's Pioneer Musical Organization to Celebrate Its 50th Anniversary by a Grand Concert in the Exposition Building—Noted Soloists from the Metropolitan Opera in New York to Participate—Chorus of 700 Voices—Orchestra of 100 Artists.

There has not been an event in Milwaukee musical circles of greater importance and magnitude and of more interest to the citizens of the state, than the 50th Anniversary of the Milwaukee Musical Society, which this well-known organization is preparing to celebrate the first week of May, by a grand concert at the Exposition Building in Milwaukee.

The Milwaukee Musical Society is the pioneer organization of its kind in the West, and the first to celebrate a Golden Jubilee of its career. The festivities which have been planned to celebrate the event are such as do not come often to music-lovers. The affair is of interest not only to Milwaukeeans but to the state. There are in the state any number of men whose years of residence

Herr Andreas Dippel, in Milwaukee, whose family ties and business connections make them fully conversant with musical development in the metropolis, and who fully appreciate the leading position which the Milwaukee Musical Society has taken in the development and advancement of knowledge and taste for true art in music in the West. The founding of the Musical Society dates back to 1850, when there was formed a German male quartette of small pretensions. From this quartette grew the present society with its enormous membership and far-reaching influence.

The Jubilee Festival will extend over a period of three days. Its crowning feature will be a grand concert which will be held on the evening of Thursday, May 3d, in the Exposition Building, in which seats will be provided for 7,000 people. The leading musical organizations of Milwaukee have united in lending their support to the Musical Society in a befitting celebration of the 50 years of its career, and a chorus of 700 voices will participate, consisting of members of the Musical Society, the Milwaukee Maennerchor, the Arion Club, the Caelonian Ladies' Society, the A Cappella Chorus and the Lyric Glee Club. An orchestra of 100 artists will be composed of leading musicians from Milwaukee and Chicago, with a large contingent from the personnel of the Thomas Orchestra. Carl Schurz, for many years a resident of Wisconsin in the pioneer days, was invited to attend the festival, and will address the audience at the Exposition concert. The Festival Committee, consisting of prominent citizens of Milwaukee, has spared no expense in preparing a festival which will do credit to the Musical Society, and also to be remembered for decades as the finest musical festival in the history of the state. To this end, a quartette of soloists of first rank has been engaged from the Metropolitan Opera Company in New York, including such famous singers as Madame Schumann-Heink, Madame Galski, David Bispham and Andreas Dippel.

Lovers of music throughout the state are invited to attend this magnificent concert. Solicitors have been appointed in a large number of cities for the sale of tickets, or orders may be sent direct to the Musical Society at Milwaukee. The prices of reserved seats are \$2.00, \$1.50, \$1.25 and \$1.00, very reasonable in view of the attractions offered. In addition hereto the railroad has granted a fare of one cent for the round trip throughout the state, on sale at all stations, to parties in possession of admission tickets to the grand concert.

The musical public of the state is earnestly invited to participate in this magnificent celebration, which offers it the opportunity seldom presented to hear four of the foremost artists of the operatic stage, a splendid and complete orchestra, and a chorus of the very finest quality. The programme for the event is befitting the principals taking part, and includes orchestral numbers by Beethoven, Wagner and other lights of the musical world. The soloists will be heard in scenes from Wagner's operas, Bruckner's Te Deum, Haydn's Creation, Handel's Messiah will furnish numbers for the mass chorus. The concert will close with a production of the Grand Festival March for orchestra and chorus by Milwaukee's orchestra and chorus by Milwaukee's well-known composer, Hugo Kaun, which has created a sensation throughout the United States wherever produced by the Thomas Orchestra.

Musical people throughout the state may be assured that the celebration outlined above will be a rare treat and more than amply represented. The Musical Society of Milwaukee cannot receive a better evidence that their 50 years of arduous efforts in the interest of music have been of influence not only in Milwaukee but throughout the state than by a commensurate attendance from Wisconsin's cities. Tickets should be procured at once, as the general sale of seats begins on April 25th, and the opportunity is offered to the citizens of the state to reserve their seats before the general sale commences.

NEW FORAGE PLANT.

Valuable One Said to Have Been Discovered by Professor Hillgard.

Professor E. W. Hillgard of the agricultural department of the University of California has discovered an edible plant to take the place of sugarbeet and equal in forage value to alfalfa, barley or hay. If his claims are true, the discovery is of great value to Wyoming farmers and stockmen, as it can be grown on arid and alkali soils.

The new plant, according to a Cheyenne (Wyo.) dispatch to the New York Journal, is called *sepiabaculi*. It grows from a central stem root which radiates a system of roots. It spreads from the center root upon the surface many long stems reaching from one to nine feet. Upon these stems grow a small leaf and seed pod. It drops seeds in great abundance, covering them with dry leaves, by which they are protected from heat and winds. It is perennial.

The plant was found in Australia and brought to California, where it has been grown experimentally and practically.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia constipation; invigorates the whole system.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

The Value of Song Birds.

There is a complete failure of the olive crop in southern Italy and in Sicily this season, owing to the ravages of the oil fly, which appeared in unusual numbers on account of the prolonged drouth of last summer and fall. The loss to the provinces of Bari and Lecce alone is estimated at 60,000,000 lire, or \$12,000,000. There will be a corresponding scarcity of oil, of course. The country people are having their eyes opened to the consequences of their wholesale destruction of insect-devouring song birds.

Siggest Skyscraper of Them All.

The three champion skyscrapers of the United States are the Syndicate building on Park row, the Masonic Temple in Chicago, and the Exchange building in Boston. These are to be reinforced by a monster structure to be built in Philadelphia by New York and Philadelphia capitalists, which will outshine all of them. It will occupy a whole block, and be the largest office building in the world.

Couldn't Miss the Chance.

"There goes a man who pays taxes on every dollar's worth of property that he owns, and he never complains about it, either."

"Excuse me for a few minutes, please."

"Where are you going in such a hurry?"

"I have a gold brick that I want to dispose of, and if you have spoken truly concerning that fellow across the street I think I may have found a purchaser."

EXCELLENT RESULTS

They Have Resulted in a Steady Gain of Popularity.

People Who are Ever Ready to Recommend What Has Done Them Much Good.

The people of Janesville feel very grateful for the great benefit they have received from the use of Morrow's Kidney-cure, the great remedy for backache, dizziness, sleeplessness, nervousness and all diseases arising from the kidneys. Morrow's Kidney-cure where other remedies have failed and the people of this city have not been slow to find this out, and they add their testimony that their friends may know what to use and get cured.

Mrs. F. L. Kimball, 100 Linn street, says: "I have been a sufferer from kidney and liver troubles for the past two years. I could not sleep on account of nervousness. I had palpitation of the heart, sinking and dizzy spells, and suffered a great deal from nervous headache and rheumatism. I was treated by doctors, but they gave me only temporary relief. By using Morrow's Kidney-cure and Liverlax for three days I have been greatly relieved of all my troubles. I will continue to use these grand remedies."

Morrow's Kidney-cure are not pills, but yellow tablets, and sell at fifty cents a box. Morrow's Liverlax are small red granules and sell at twenty-five cents a box by all druggists and by The People's Drug Co.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

CANCER Cannot be Cut Out or Removed with Plasters

Surgical operations and flesh destroying plasters are useless, painful and dangerous, and besides, never cure Cancer. No matter how often a cancerous sore is removed, another comes at or near the same point, and always in a worse form. Does not this prove conclusively that Cancer is a blood disease, and that it is folly to attempt to cure this deep-seated, dangerous blood trouble by cutting or burning out the sore, which, after all, is only an outward sign of the disease—a place of exit for the poison?

Cancer runs in families through many generations, and those whose ancestors have been afflicted with it are liable at any time to be stricken with the deadly malady.

Only Blood Diseases can be Transmitted from One Generation to Another

—further proof that Cancer is a disease of the blood. To cure a blood disease like this you must cure the entire blood system—remove every trace of the poison. Nothing cures Cancer effectually and permanently but S. S. S.

S. S. S. enters the circulation, searches out and removes all taint, and stops the formation of cancerous cells. No mere tonic or ordinary blood medicine can do this. S. S. S. goes down to the very roots of the disease, and forces out the deadly poison, allowing the sore to heal naturally and permanently. S. S. S. at the same time purifies the blood and builds up the general health.

A little pimple, a harmless, looking wart or mole, a lump in the breast, a cut or bruise that refuses to heal under ordinary treatment, should all be looked upon with suspicion, as this is often the beginning of a bad form of cancer.

Mrs. Sarah M. Keesling, 94 Windsor Ave., Bristol, Tenn., writes: "I am 41 years old, and for three years had suffered with a severe form of Cancer on my jaw, which the doctors in this city said was incurable, and that I could not live more than six months. I accepted their statement as true, and had given up all hope of ever being well again, when my druggist, knowing of my condition, recommended S. S. S. After taking a few bottles the sore began to heal, much to the surprise of the physicians, and in a short time made a complete cure. I have gained in flesh, my appetite is splendid, sleep is refreshing—in fact, am enjoying perfect health."

Our medical department is in charge of physicians of long experience, who are especially skilled in treating Cancer and other blood diseases. Write for any advice or information wanted, we make no charge whatever for this service.

LIKE MR. COOPER'S BILL.

Congressman Cooper scored a notable success Saturday when he brought the members of the Insular committee to his way of thinking. A Washington dispatch to The Sentinel tells the story as follows:

"Representative Cooper of the Racine district, chairman of the house committee on insular affairs, has won his fight in the committee for changes in the civil government law for Porto Rico. He carried with him on the amendments offered today four republican members of the committee and enough of the democrats to secure a majority. Four of the republican members objected to the movement as calculated to delay action on the resolution which has passed the senate and which is recommended by the president, extending the official terms of the United States army officers in the island until other arrangements can be made for filling their positions. The point was made as that resolution must pass before May 1 the opening up of the subject of changes in the franchise system would bring on delay in the senate and endanger the passage of the resolution. Mr. Cooper and his western colleagues on the committee stood firm, however, insisting that if the plan caused delay the fault would be that of the senate. The changes made in the franchise system and other amendments proposed to be added in the resolution as it will be considered by the house has been fully explained. The passage by the house of this new matter will throw the subject into conference."

The Beloit Free Press does not take kindly to the "cock fighting game," speaking on that subject, editorially, as follows:

"A cocking main was held near this city last night, at which sporting delegations from Chicago, Belvidere, Rockford and Jansville, besides many from Beloit were present as spectators. Wisconsin officers were of course powerless to prevent the brutal 'sport' which unfortunately had the countenance of those who should lend no sanction to such violations of statute law and the higher law of morality. Beloit should not be subject to such eruptions as those which occurred yesterday. If our officials are powerless to protect the city against them, certainly the Illinois officers have the authority and the power, and they should exercise it."

It is interesting to note the enthusiasm with which the Wisconsin congressmen were turned down because of their vote on the Porto Rico tariff bill—all being sure of a re-nomination except Mr. Stewart, who declines to serve longer. The tariff matter furnished one of the "most tumultuous" tempests, to quote Mr. Dooley, that ever raged in a teapot, but the incident is closed, and the wisdom of the course followed becomes more apparent each day.

The Viroqua county republican convention endorsed the state and national administrations, and endorsed Gen. Earl M. Rogers for governor. Kewaunee county endorsed Senator Stebbins and Waukesha county declared for Senator A. M. Jones. Kenosha and Green counties endorsed the state administration and instructed the congressional delegates to vote for Hon. H. A. Cooper.

Governor Scofield may well take pride in the handsome recognition of his administration by the republicans of the state. The county conventions have invariably commended his course, and complimented the party upon its achievements during his term of service.

If James G. Monahan, of Darlington is to be the chairman of the state convention at Milwaukee on Wednesday, all will be well. Mr. Monahan has never been found wanting in any capacity, and would make an excellent presiding officer.

The "Silver Republicans" will change the name of their party to the "Lincoln

Republicans"—presumably on the same line of reasoning that resulted in the christening of Pike lake because no pike were caught in it.

As Col. Colson was acquitted of the charge of killing two men in the hotel at Frankfort, Kentucky, the supposition now is that the victims died of heart failure.

The Milwaukee Business League is doing a good work in advancing the city's interests. Jansville should have some such organization, and at once, too.

John W. Gates, it appeared, was also able to swing on his business enemies with an equal amount of neatness and dispatch.

The base ball fans are again getting busy, and have already named the winners of the pennant at least four times.

Human Hair Harvest.

In Paris, France, beautiful fine human hair of fashionable color is sold for as much as \$250 a pound by dealers who enter to the aristocracy. Most of this hair comes from Brittany, where peasant women and girls annually have their hair cut off and sold to traveling merchants. These peasants get very little in return, the merchant usually paying in kind—exchanging a gaudy shawl, a flashy shirt or bodice, a bright ornament, for the heavy tresses.

Mr. Costigan was born in Tipperary county, Ireland, fifty-seven years ago. He came to this country in 1861 and has ever since resided on a farm in Harmony.

EIGHT-HOUR LABOR BILL.

Belief That It Will Be Passed as Amended.

THE LAW TO BE IMPERATIVE

In Times of Extreme Emergency—Quay to Know His Fate Tuesday—Drastic German Marriage Law—Four for the Orientals—Washington Budget.

Washington, April 23.—The eight-hour labor bill as amended in the house committee on labor Saturday will shortly be reported to the house favorably, and its friends believe it will be passed. In its present form schedules 1 and 3 of the original bill are stricken out, leaving section 2 as the principal feature. It provides that all government contracts which involve the employment of men, except those for transportation, shall contain a clause stipulating that laborers, mechanics, etc., employed under it shall not be required or permitted more than eight hours a day, with a penalty of \$5 for each day a laborer is required to work over eight hours, the provisions of the law to be imperative in times of extreme emergency.

Under the unanimous consent agreement reached on the 10th inst. by the senate, the resolution declaring Senator Quay not to be entitled to a place in the senate will be voted upon at 4 o'clock Tuesday. Among those who are expected to speak in Mr. Quay's behalf are Senators Penrose and Chandler, while Senator Platt of Connecticut, Hale and Lindsay probably will speak in opposition to his claims. After the Quay vote is taken Senator McComas, who, as a member of the committee on privileges and elections, has had charge of the protest against Senator Scott's continuing to occupy his seat as a senator from West Virginia, will call up the resolution in the senator's case and ask for immediate consideration.

The Clark case will be taken up as soon as the Quay and Scott cases are disposed of. It is expected that a vote will be reached on the Alaskan code bill during the week, an agreement having been practically reached to withdraw the contested amendments and otherwise amend the bill so as to extend the provisions of the mining laws of the United States to Alaska. The Philippine bill will continue to hold its place as "unfinished business" on the calendar. The Hawaiian conference report will be acted upon early in the week. The major portion of the time of the house this week probably will be consumed in the consideration of the postoffice appropriation bill. The bill appropriating \$1,000,000 for the militia of the several states may come up during the week.

Washington, April 23.—Germany has recently enacted a marriage law, one paragraph of which requires that "every man desiring to be married in Germany shall present to the special magistrate, by whom alone marriages can be solemnized in Germany, a certificate by the proper authorities of his native or home state to the effect that the authorities know no just cause exists why the marriage should not take place."

Washington, April 23.—The recent large wheat shipment to Japan from a Pacific port directs attention to the growing demand for American foodstuffs and manufactures in the orient. Nearly \$6,000,000 worth of our flour went to the orient last year, against about \$4,000,000 worth in the preceding year, and nearly all of it to China, Japan and Asiatic Russia, the large proportion of that which reached China passing through Hongkong. Shipments of breadstuffs in the form of wheat to the orient have been in the past rare. That section of the world buys annually \$1,000,000,000 worth of goods, taking less than 6 per cent of its purchases from the United States.

Washington, April 23.—Without the formality of a vote the senate adopted a resolution directing the secretary of war to inform the senate whether any officer of the army who is now or has been on duty in Cuba or Puerto Rico since the declaration of war against Spain has received any compensation for services other than his regular pay as an army officer and to give the facts in regard to expenditures alleged to be extravagant in fitting up the governor's palace and government offices at Havana.

Catholic University in Luck.

Chicago, April 23.—Michael Cudahy has subscribed \$50,000 to the Catholic University of America, which is established in Washington, D. C. The tender of the gift was made to Archbishop Keane, who was appointed by Pope Leo to raise funds for this institution. The archbishop is now extending his energies in this direction in this city. His opening sermon and appeal for funds was made in the cathedral of the Holy Name. Favorable reports were also made to the effect that the desired sum of \$1,000,000 will be raised within the next year. Mr. Cudahy is a trustee of the university. Other large donations have been received from prominent Chicago Roman Catholics.

Fugitive Killed by Officers.

Muncie, Ind., April 23.—Fred Hadwick, a shot dead by Union City by

Marshal Wait. Hadwick attacked Charles Thompson on the street, and when the marshal and Policeman Harris appeared started to run for the Ohio state line to evade arrest. The officers gave chase and fired four shots on Hadwick's refusal to halt. One of the shots took effect in the neck and the other in the side of the body.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. GATES HAS WON.

Steel and Wire Directors Will Do His Bidding.

Chicago, April 23.—Gates won. He ruled the American Steel and Wire directors' meeting as if it had been a packed caucus. His enemies were there, but had no chance with the big majority against them. Mr. Gates was not deposed. Mr. Frick was not elected to his place. The Seligmans did not resign. There was much talking done, for the session lasted over three hours. But Mr. Gates did the most of the talking. At the conclusion of the meeting this announcement was given out to the small army of reporters in waiting:

"The board of directors discussed the general business situation and unanimously decided that until the overproduction of materials has been disposed of the executive committee may make such reduction in prices as they may find necessary to accomplish this and resume operations at the idle plants. The meeting was adjourned to reconvene May 7."

A friend that has been close to Mr. Gates said afterward that he doubted if the steel wire mills would start up before September. An attempt was made again to have Mr. Gates commit himself on this point, but he positively refused.

GOV. TAYLOR IS INDICTED.

Kentucky Grand Jury Charges He Was Accessory to Goebel's Murder.

Frankfort, Ky., April 23.—Franklin county grand jury has voted an indictment against Gov. Taylor as accessory before the fact to the murder of William Goebel. There was a stormy scene preceding the vote, in which a personal encounter between Robert Suter, the democratic foreman, and W. B. George, one of the two republican members, seemed inevitable.

Found Dying in the Street.

Chicago, April 21.—Mystery surrounds the death of Mrs. Wilhelmina Fischer, who was found unconscious upon the tracks of the West Madison street railway at Homan avenue. She died without regaining consciousness. Her skull was fractured and her body was bruised. The police and the woman's husband believe a Madison street cable train struck her. The street railway officials, however, say that the woman was murdered. Mrs. Fischer lived at 12 Desplains street, where she owned a fire-story frame tenement building. Her relatives say that although she lived in squalid surroundings she received considerable money from rents. In preference to having a bank account, it is said, she always carried her money with her. When found unconscious upon the tracks she had no money upon her person.

Operation for Tumor.

Springfield, April 23.—After a conference of physicians upon the sickness of Gov. Tanner, it was decided that a surgical operation will be necessary. The physicians gave out the following statement of their diagnosis: "The physicians in the case positively exclude the idea of tuberculosis of cancer from the diagnosis. We believe that the paroxysms of pain are due to the presence of gall stones and its consequences. We believe that the condition is such that it will probably require a surgical interference some time in the near future. The operation, although a delicate one, is usually successful."

P. D. Armour Is En Route Home.

Los Angeles, Cal., April 23.—Having fully recovered his health in Pasadena, where he has been for the last six months, Philip D. Armour, the well-known capitalist, has started for Chicago. "I feel stronger than I have been for many years," said Mr. Armour, "and I shall return east to attend the many duties that now command my attention."

Hotel Burned at Culver, Ind.

Plymouth, Ind., April 23.—Fire at Culver destroyed the Colonnade hotel, together with its contents. All the guests escaped, having been notified of their danger in good season. Two saloons, a restaurant, and a barber shop were also destroyed. Total loss, estimated, \$16,500; partially insured. Incendiarists are believed to have started the fire.

EIGHT MILES IN LENGTH

Is the Circuit of Boer Defenses Around Pretoria.

TO MAKE VIGOROUS DEFENSE.

Drabant in a Fight—Battle at Bushman's Kop All Day—20,000 British Soldiers En Route—Boers Have 80,000 Men—Gen. De Wet Reported Killed.

London, April 23.—The most serious news is the evidence from Boer sources that formidable preparations have been made to resist the advance of Gen. Roberts' army. The Boers are vaguely reported to have mounted sixty-nine guns at Kroonstad and to have constructed a circuit of defenses eight miles long around Pretoria. It is a foregone conclusion that Pretoria will be vigorously defended, but the experts are not prepared to accept evidence from a Boer source that Kroonstad has been strongly fortified, although the wisest among them hope that the news is true. Kroonstad offers strong advantages for defense, but Gen. Roberts, with his vastly superior force, can turn the position by either flank and compel its evacuation, with a good chance of inflicting a decisive defeat which will greatly impair the Boer resources for repelling an attack upon Pretoria. The Boers are reported as mustering every man capable of carrying a rifle and as taking their ambulance corps into the fighting line. They need all these resources in order to justify current estimates of their available force. They are alleged to have from 8,000 to 10,000 men in the district between De Wet's Dorp and Wepener, where heavy fighting was reported Friday and Saturday. They are also described as occupying a line ten miles long in upper Natal and as shelling the British positions at Elands-laagte on Saturday with unabated spirit.

The Laurence Marques correspondent of the Times says:

"Information received from responsible sources shows that at one time the two republics had 105,000 men in the field, including the colonial rebels. According to the same informant they still can muster 80,000, of whom 50,000 are in the Free State, 10,000 are in the Biggarsburg district and 15,000 in the districts of Fourteen Streams and Klerks Dorp. It is now believed that before the war the burgher lists were deliberately falsified in order to deceive the British intelligence department." The Daily News has the following from Laurence Marques:

"It is reported here that Gen. De Wet has been killed. Other European ambulance corps besides the Irish-Americans are taking up arms in behalf of the Boers. The latter are unable to obtain smokeless powder."

Walkerstrom, near De Wet's Dorp, Saturday, April 21.—Fighting was continued mainly by the artillery. The yeomanry and mounted infantry pushed forward on the right flank and were subjected to shelling and a heavy rifle fire. The Royal British Rifles captured a Free State flag. Nervous Prostration-

A breaking down of the nerves, a wearing out of the brain cells and a general exhaustion of the system from loss of nerve power. It follows in the wake of headache, dizziness, sleeplessness, care, worry, grief, heart weakness and stomach troubles. Any illness or disease may bring it on, but one remedy will remove it. That is the great brain food and nerve tonic,

Dr. Miles' Nervine

"I had been confined to my bed for several weeks with a complete breaking down of my nervous system, and my physicians gave me no encouragement that I would ever be any better, when I commenced taking Dr. Miles' Nervine. That night I slept for the first time in so many weeks, and from that time on I grew steadily better. I thank God for sending me such a wonderful remedy."

A Smokeless Blue Flame

This invention embodies in a large measure the principle of the Evaporating Gasoline Burner. The oil dripping into a tube leading to an open ring at the bottom of the burner cylinder, when ignited, burns up between the two perforated chimneys, becoming so impregnated with air as to produce a Smokeless Blue Flame similar to that from a gasoline burner. No complicated mechanism is involved in its construction; it is as easily operated

and as easily comprehended as an ordinary lamp. A child five years old can use it—No danger; cannot explode.
